## DETAILED ACTION

### *Election/Restrictions*

1. Restriction to one of the following inventions is required under 35 U.S.C. 121:
  - I. Claims 1-26 are drawn to a method of making a skin exfoliating composition, classified in class 424, subclass 400.
  - II. Claims 27-58 are drawn to a method of making an antioxidant composition, classified in class 424, subclass 400.

The inventions are distinct, each from the other because of the following reasons:

2. Inventions I and II are unrelated. Inventions are unrelated if it can be shown that they are not disclosed as capable of use together and they have different designs, modes of operation, and effects (MPEP § 802.01 and § 806.06). In the instant case, the different inventions a method of making a skin exfoliating composition and the method of making an antioxidant composition are unrelated because the skin exfoliating agents, such as salicyclic acid and Trans-retinoic acid and can be used for the treatment of acne or warts if contained in a skin care product whereas the antioxidant composition contains ascorbic acid, beta carotene and coenzyme Q10 which are antioxidants and could be used to decrease scarring after a burn if contained in a skin care product, thus are used for different effects/results.
3. During a telephone conversation with Todd Albonesi on 9/8/06 a provisional election was made **without traverse** to prosecute the invention of Group I, claims 1-26. Affirmation of this election must be made by applicant in replying to this Office action.

Art Unit: 1618

Claims 27-58 are withdrawn from further consideration by the examiner, 37

CFR 1.142(b), as being drawn to a non-elected invention.

4. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
